

**DEPARTMENT OF LEGAL
METROLOGY**

USER MANUAL

(NEW APPLICATION)

**[LICENSES - MANUFACTURER / DEALER /
REPAIRER]**

Department of Legal Metrology (Formerly known as Department of Weights & Measures) now in order to align with the recommendations of International Organization of Legal Metrology for which India is also a member country, the department is renamed as 'Department of Legal Metrology'

Aims of the department are as follow:

1. Maintain of accuracy in all weights, measures used in trade, commerce industry.
2. Protection of Consumer Interest
3. To ensure correct quantities of prices paid
4. To ensure correct weighing of farm produced in sale transaction

Department has been digitized and all the departmental activities has to be done through online process. M/s KEONICS has developed the 'e-mapan' software regarding this and has been successfully running from last two years.

E-mapan is one of the integrated service project and a first of its kind in G2B initiative implemented in Legal Metrology Department, Government of Karnataka. It helps in end-to-end solutions aimed at improving G2B services. Increased transparency, time saving and increased efficiency are only few of the benefits, both consumers and staff of department can expect from e-mapan.

E-mapan being a work flow based software, delivers the following functionalities:

1. Administrative Module
2. Online Licenses / Registration Certificates
3. Online Renewal of Licenses for the current year
4. Online Amendments of Licenses / Registration Certificates.
5. Issue of Computerized Verification Certificate and Stamping
6. Inspection and Compounding
7. Court Case Monitoring System
8. MIS Reports
9. Finance Monitoring
10. Public Grievance System
11. Integration with RTO & Police Department
12. SMS / Email Features for registered costumers

Advantages of e-mapan software are as follow:

1. High revenue
2. Controlling and monitoring
3. Shortened turnaround time of work process
4. Virtual elimination of threat of losing integrity of records, data, information and tampering of data.
5. Improves accountability as the system has information of entire workflow
6. Standardization of verification certificate, seizure notices, and compounding notices
7. Printing of stationary, distribution and storage can be minimized
8. Eliminates short collection fee and reduces audit objections by way of digitization of verification certificates
9. Easy process of renewal using SMS/Email
10. Eliminates loss, theft of used/unused V.C .books and Seizure Books and avoids the departmental enquires
11. Helps in handling complaints and taking appropriate actions
12. Helps in compilation and generation reports

The Project has been divided into two modules i.e.

1. Web Based Application, having following functionalities
 - a. Registration Module for Package Commodities (Manufacturer/Packer/Importer)
 - b. License Module for New Licenses (Manufacturer/Dealer/Repairer)
 - c. Renewal Module for Licenses (Manufacturer/Dealer/Repairer)
 - d. Amendment Module for Licenses / Package Commodities Registrations
 - e. Complaint Module
2. Local Client Based Application, having following functionalities
 - a. Issue and renewal of Verification Certificate for Auto/Taxi Fare Meters, Tanks/Lorries, Weights & Measures, Weighing & Measuring Instruments
 - b. Inspection and compounding the cases
 - c. Data synchronization
 - d. Reports generation

The web based module of E-mapan Application will help the user

1. To obtain his/her New Manufacturer / Dealer / Repairer Licences for the current year.
2. To obtain his/her New Package Commodities Registration Certificate (Manufacturer / Packer / Importer)
3. To renew his/her existing Manufacturer / Dealer / Repairer Licences for the current year.
4. To make changes in his/her existing Licenses or Registration Certificates.
5. To register complaints and get updated results regarding them

Steps To Obtain New License Is As Follow:
